FIREWORKS

Fireworks are wonderful,
You can see them at night.
They are all colourful,
They are so bright.

Some are green,
And some are blue.
“I wish I could have seen”,
But fast it flew.

Some are tall,
Some fly into the sky.
Others are small,
But they’re all beautiful to my eye.

Turning on a pole with all their might.
Round and round and round,
With all the colours and light.
Bang Bang what a sound!
